

# Interiors collection from Neptune

Neptune focuses on using the wealth of traditional construction methods to craft each piece of furniture. The Chichester collection was the first interior collection launched by Neptune and is a classic combination of hand painted limestone furniture combined with natural oak in its purest form. The range includes an array of classic tables providing settings from four to twelve both in round and rectangular with curved lower frame detail for the ultimate in a sturdy build. Wide choices of chairs, dressers, bookcases, coffee tables and sideboards complement the interior collection. Any of the standard limestone finished pieces in the Chichester range can also have the Neptune hand painting service of 20 colour choices to truly bespoke individual furniture.

The Henley collection has been created to provide a sophisticated natural timber look. The newly introduced solid oak Henley 150cm round pedestal table with Henley Mocha linen dining chairs has received rave reviews since it's unveiling in January and adds real luxury to the dining experience. The Henley tables are based around Neptune's unique pedestal steel centred engineering for ultimate strength and longevity yet also retain their natural beauty in curvaceous oak. Sweeping

curved mouldings display Neptune's ability in pure and challenging craftsmanship. The Henley extending table 170-270cm is equally remarkable in its rigidity, allowing for seating of up to 10 in ultimate comfort with the Henley linen button-backed chairs. Also included in the Henley interiors collection are beautifully crafted sideboards, glazed dressers, glazed cabinets and wine racks, all at amazing value for money.

Suffolk is one of the most recent additions to the Neptune portfolio. Inspiration for the collection came about from the find of a series of classic 'Ball Back' chairs produced in East Anglia by a selection of the best workshops at the turn of the 18th Century.

Neptune has taken the elegance of the design and updated it to provide a refined and classic style to its collection. Suffolk chairs are hand painted in honed slate as standard and also offered in limestone, washed oak or clear oak enabling pieces to be mixed and matched. A complete choice of dining furniture is offered from standard rectangle tables seating six, through to extending tables to seat 12 comfortably. The collection also comprises of a variety of styled chairs, sideboards, wine rack and dressers.

## CONTEMPORARY KITCHENS

**1** Contemporary living requires lots of clever storage and open plan spaces; this polar white gloss kitchen with large island unit has a 80mm thick stainless steel worktop to complement it, appliances and wall housing has been recessed into the wall creating more space. The TV and extractor have been built into the overhang feature leaving no visible objects to block the view of the kitchen. Designed by **Parkes Interiors**. **2** Nolte Matrix Line handleless kitchen shown in Soft Lack White available from **McAdam Kitchens**. **3** A traditional hand-painted Chichester kitchen from **Neptune** is given a modern twist by repainting the cabinets in contemporary Neptune Old Chalk paint and setting them against walls painted in fine mahogany. The traditional knobs and cup handles have been replaced with stylish bar handles and the look is completed with a cashmere white work surface, stainless steel under mounted sink and tap and modern appliances.
